January 15, 2015

On behalf of the Department of Internal Medicine at the East Carolina University, Brody School of Medicine, I want to invite you to participate in the 29th Annual Yash P. Kataria Internal Medicine Research Day on Wednesday, April 01, 2015 from 7:45am until 4:30pm. Our prior events have attracted clinical and basic science faculty, extenders, nurses, fellows, residents, medical students and many other clinical research professionals. Last year, we had 17 oral presentations, over 50 poster presentations and over 180 attendees. We have enjoyed working with you in the past and are grateful for your participation and support.

This year's program will be held at the East Carolina Heart Institute at ECU, a comfortable and state of the art facility with ample exhibition space. Exhibitors in the past were able to interact with a spectrum of healthcare professionals in an environment that promotes the exchange of intellectual ideas. All departmental faculty, staff, house staff, fellows and students are encouraged to present their research in the Research Day scientific sessions. This year's keynote speaker is Jerry R. Mendell, MD, Curran-Peters Chair in Pediatric Research, Professor of Pediatrics and Neurology, Director Gene Therapy Center and Director of Paul D. Wellstone Center, Nationwide Children's Hospital and The Ohio State University.

A 4ft x 8ft exhibit table will be offered to each sponsor for a suggested minimum contribution of \$500.00. Space is limited, so please reserve a table as soon as possible by completing and returning the attached/enclosed Exhibitor Agreement Form. For your convenience, there is a form attached for credit card payments or if you prefer, please make checks payable to "ECU Medical Foundation MT7270, Federal ID #23-7138921" and mail them to:

ECU BSOM
Attention: Cathy Munson
600 Moyer Blvd.
Brody, 3E-149
Greenville, NC 27834

For your convenience, we have uploaded past year programs to our website at www.ecu.edu/im/researchday.

If you have any questions, please contact **Cathy Munson at 252-744-2533** or email at munsonc@ecu.edu. Your participation will be greatly appreciated.

Sincerely,

Mark Bowling, MD
Research Day Chair
Advisory Committee
